Description Panel

The "All Programs" module of Revo Uninstaller Pro shows all of the installed programs and components for both the current and all users, divided into two default groups - "New" and "Others". When using either the "Details" view type or by using the context menu, you can reach additional information (links and properties about the installations). Settings for this mode are located in the subitem "All Programs" under the "Uninstaller" item in the "Options" window.
